Objective

A highly skilled React Developer with 3 years of experience in developing scalable and maintainable web applications using ReactJS, Redux, and other front-end libraries and frameworks. Seeking a challenging role to utilize my technical skills and knowledge in contributing to the growth and success of a reputable organization.

Skills

HTML5, CSS, SASS, jQuery, Javascript ES6, ReactJS, Redux, Typescript, Node JS, Mongo DB, Git, UX/UI design, Jest testing, API Integration, Agile methodology, scrum

Experience

April 2015 -June 2020
Office Depot, Bakersfield – *PC Repair Technician*

- Diagnosed and resolved hardware and software issues for customers, including desktops, laptops, printers, and peripherals.
- Provided expert guidance and recommendations to customers on hardware upgrades, software updates, and security solutions.
- Demonstrated exceptional customer service skills, ensuring a positive customer experience and satisfaction.

March 2021 - Present
Bitwise Industries, Bakersfield/Remote – *Apprentice*

- Developed responsive and dynamic user interfaces using ReactJS, HTML, CSS, and Bootstrap.
- Designed and implemented complex UI components using React components and advanced features like hooks, context API, and custom hooks..
- Collaborated with cross-functional teams using Git workflows, Git branching and merging strategies, and resolved merge conflicts.
